Justin Brooks

Senior Web Developer

📞 4342626141   🌐 https://justinbrooks.dev   ✉ jubrook1@vt.edu

Web Developer with over 16 years of professional experience building across multiple platforms using various programming languages. I specialize in decreasing site speed for websites and building custom admin dashboards. Technologies I most frequently utilize include Next.JS, React, TypeScript, and Tailwind.

Skills

- React
- Next.JS
- TypeScript
- Node.JS
- Tailwind
- Vue.js
- Nuxt.js
- NPM
- Git
- WordPress
- PHP
- JavaScript

Experience

Senior Web Developer at EverCommerce
2023 to Current

- Co-developed American Home Design, a Webflow to WordPress conversion
- Optimized websites for reduced site speeds
- Created interactive On-boarding Guide for new hires
- Created Vue.js headless WordPress template

Senior Web Developer at Freelance
2019 to 2023

- Launched a Next.js powered E-Commerce store for my own business, Offbeat Works
- Created a NodeJS backend with RESTful API connection and MongoDB for Comic Stash web app
- Developed Garage Manager, a React based Progressive Web App for managing a small garage
- Built a WordPress and WooCommerce based E-Commerce store

Senior Web Developer at Sabre Hospitality Solutions
2007 to 2019

- As Lead Developer oversaw the entire build process and maintained 100% on-time launch rate
- Built Olivella Restaurant, a Vue.js based Restaurant website
- Worked with Lead Designer to translate designs and wireframes into functioning websites
- Debugged JavaScript and layout issues
- Implemented Content Management Systems (CMS) for small hotel chains
- Coded frontend booking widget to Synxis Booking Engines for increased booking conversions
- Collaborated in an Agile Environment with project team
- Mentored Junior and Sprint Developers

Junior Web Developer at E-Site Marketing
2005 to 2007

- Maintained pre-existing websites
- Integrated new features into websites
- Translated design concepts into landing pages
- Created Email templates for client marketing
